

Commissioner Henney,

8/26/79

Although I'm not a big meat eater, I do enjoy a good steak or a burger once in awhile. I'm concerned, therefore, about the widespread use of rBHT in the US. Without a national policy on rBHT labeling, it is impossible for me to make an informed choice about what kind of meat I buy.

I urge you to adopt a definitive national policy about rBHT labeling.

Thank you,
G. L. [Signature]
